

The Uniform Requirement Page

for school year 2017-2018

We will no longer exclusively use Academy Uniforms to meet our dress code needs. Uniforms must still follow our current guidelines. The Academy Uniform polos will still be approved; however, we will be offering a screen-print polo, available for purchase right here at TBTA. At first these are in limited quantities and limited colors, but we will increase our stock over time. For Wednesday chapel, a white polo with the screen-print logo or the current Academy Uniform white polo, will be the required attire. This will continue to be coupled with the navy pant for boys and navy skirt or skort for girls. An order form will be available for the polo shirts.

The uniform khaki and navy items can be purchased from additional locations, but must be an actual "uniform" style, not just the proper color.

Academy Sports and Outdoor, Old Navy, or Walmart

Again, using the same uniform guidelines for which items are approved. Cargo and skinny pants are NOT approved to be worn. Patch pockets as seen on blue-jean, are NOT approved. Flat or pleated front school uniform pants, capris, shorts, skorts, or skirts of the proper conservative length in navy or khaki. Having multiple places to shop will help our students find the proper fit and families save money.

In addition to offering new uniform purchase locations, we will allow a wider variety of shoe choice for chapel days. Black and brown remain the approved colors, but style will not be limited to strictly a traditional dress shoe. Sperry, Bobs, and other similar styles will be allowed.

As stated in our handbook for 2017-2018:
